

## DATABASE OF PULP & PAPER CAPACITY CHANGES

NLK Associates has been updating this database of capacity changes in pulp and paper mills around the world continuously since 1986. All grades and all countries are covered, along with statistical summaries showing confirmed capacity changes up to 2011. Closures are covered as well as start-ups, so that the net effect of capacity changes can be accurately indicated. Unconfirmed capacity changes are listed separately and classified into three categories.

### Coverage of the Database

#### Paper

- uncoated woodfrees
- uncoated mechanicals
- coated woodfrees
- coated mechanicals
- cartonboards
- tissues
- newsprint
- specialities
- case making materials
- other packaging grades
- other papers & boards

#### Pulp (market & integrated separately)

- bleached softwood kraft
- bleached hardwood kraft
- unbleached kraft
- sulphite
- other chemical (inc. non-wood)
- semi-chemical
- softwood chemi-mechanical
- hardwood chemi-mechanical
- refiner mechanical
- groundwood
- deinked pulp
- fluff
- dissolving

All capacity changes since January 2000 and up to 2013 and beyond are included in this ACCESS database. Menu pages enable users to focus quickly and easily on the precise grades, companies, countries or regions in which they are interested, and to view, print and download a growing range of reports. Reports which are not currently available will be provided on request.

## **Information Included**

For each capacity change (confirmed and speculative separately):

- |                                   |  |
|-----------------------------------|--|
| <input type="checkbox"/> country  | <input type="checkbox"/> product/grade         |
| <input type="checkbox"/> company  | <input type="checkbox"/> volume                |
| <input type="checkbox"/> parent   | <input type="checkbox"/> start-up/closure date |
| <input type="checkbox"/> location | <input type="checkbox"/> notes                 |

## **Sources of Information**

- |  |   |
|--|---|
| <input type="checkbox"/> trade press & directories | <input type="checkbox"/> web sites      |
| <input type="checkbox"/> newsletters               | <input type="checkbox"/> press releases |
| <input type="checkbox"/> on-line services          | <input type="checkbox"/> conferences    |

## **Publication Schedule**

The Database is completely updated monthly by e-mail.

## **Subscription Cost**

The annual subscription to the Database is £750. This includes the latest version of the database and 11 monthly updates. Subscribers need any version of Microsoft ACCESS and no experience of using ACCESS is necessary. The Database may be copied to any number of locations within a client company at no extra cost.

## **Contact Details**
